Collegiate Services Coordinator

DEPARTMENT

COMPANY

Sigma Tau Gamma Fraternity, Inc.

OUR VISION

Building Noble Generations of Men.

A Sig Tau knows that life *is* about growing to your own personal best, growing to greatness. He doesn't just happen upon us; he is chosen from among our friends to be called our Brother. He is then shown the deeper meaning behind our outward principles – principles which give our men every advantage to make each day count, the knowledge to strive for one's personal goals, and the will to be courageous. What a Sig Tau believes, shapes who he is and informs his every action.

A fraternal experience committed to building a generation founded upon nobility remains the principal benefit of membership in Sigma Tau Gamma and the one definitive element that differentiates us from other fraternal organizations on campus.

By the very definition of the word *noble*, those not affiliated with Sigma Tau Gamma will know that we provide values-based leadership development opportunities to our members. With the vision as a backdrop, we have developed a purpose statement, which will focus our efforts.

OUR PURPOSE

To be a Fraternity of Courageous and Noble Gentlemen Who Always Endeavor Forward.

Having courage is the most important thing any man can do, it is a foundation because without courage you cannot practice any of the principles or strive to be a high-performing noble gentlemen.

It is our duty to provide a spontaneous and joyous welcome to each and every man who wants to call himself a Sig Tau. By creating that kind of environment, we will foster the best within each and every member, thereby giving them a path to pursue wisdom all through life. It is that commitment to better oneself that will give them the will to endeavor forward – always.

We cannot reach our vision or exemplify our purpose if the products and services we offer are not **relevant** to our members, **replicable** across chapters and time, and **recognizable** as ours so as to be

discernable from our competition. These 'Three R's' will become the litmus test against which we will allocate resources in the months and years to come.
