

## UNDERGRADS GAIN PROFESSIONAL SKILLS AT WEBB ACADEMY

The snow and frigid temperatures didn't stop nearly 400 Sig Taus from around the country from gathering together in the heart of downtown Kansas City, Missouri, at this year's Earl A. Webb Academy. Executive Cabinet Presidents, Directors of Recruitment, Directors of Finance, and Directors of Member & Community Engagement joined together for a weekend of goal-setting, leadership, and Brotherhood. Highlights of the weekend include Keynote Speaker Chris DeEulis from NovakTalks, late-night Brotherhood and Pancakes, and the announcement of new and updated chapter and member safety policies set to take effect in the future. Webb Academy is a unique program, with each position having a different experience.

To read what the experience was like for the Chapter Presidents, click [here](#).

## 5 THINGS TO KNOW ABOUT SIG TAU THIS MONTH

1

### Seeking 2018 - 2020 Board of Directors

Candidate Information and Filing Declaration can be found online at [sigtau.org](http://sigtau.org). Deadline to apply is February 28, 2018.

2

### Fellowship Day is February 28

Fellowship Day is a day devoted to the Principles of Brotherhood and Citizenship. As noble men of Sig Tau, we have a duty to give back to our community.

3

### Priolo Joins HQ Staff

On December 8, the Zeta Michael Priolo, Buffalo, has joined HQ Staff as a Recruitment & Growth Coordinator. Click [here](#) to learn more about Michael.

4

### Anderson Leaves Expansion Legacy

Director of Recruitment & Growth Dean Anderson has transitioned off the HQ Staff to further his career in the field of nutrition as well as prepare to earn his graduate degree. To read more, click [here](#).

5

### WPN and Collegiate Services

This month WPN and Collegiate Services staff are visiting WPN properties to facilitate a Property Management and Event Safety retreat.

## #SIGTAULOVE

In January we asked our social media family about their #SigTauLove stories. These were stories of the role Sig Tau and Greek life played in bringing significant others together. The response was overwhelming. Love is in the air this February as a few Sig Taus, and their sweethearts look back at how their love stories got started in Sigma Tau Gamma. Here are just a few of the stories we have collected.

### Michael and Holly Crosen

*"My husband is a member of the Beta Iota Chapter, and I am a Sigma Kappa. We met when he joined Sig Tau, and our chapters did an event together. He was president when I became White Rose. We've been together for just over six years now and married for almost three. We got married shortly after graduation and had a ton of brothers at the wedding and in the wedding party. We currently live in Honolulu, HI, because he is an officer in the army. In July we had our first baby, and future Sig Tau, Connor." - Holly*

### Rob and Megan Barnhart

*"I met my now wife Megan while I was a part of the Psi Chapter at Central Michigan University. She is a sister of Sigma Sigma Sigma and was our White Rose in 2014. We got married in the summer of 2016, and nearly all the wedding party were brothers of Sig Tau and sisters from Sigma Sigma Sigma. I owe a lot to Sig Tau; the brothers were always there for help, kept me on track so I'd graduate, and introduced me to my amazing wife." - Rob*

### Jake Hennis and Fiancée Emily Betts

*"I met Jake when my sorority was paired with Sigma Tau Gamma for Greek Week. Shortly after that, we started dating. The following year I was selected as the Alpha Chapter's White Rose for 2015-2016. This past summer we went on a family vacation to St. Petersburg, Florida, and while we were on the beach, Jake asked me to marry him. Of course, I said yes! Our wedding is in May 2019, and we cannot wait to spend that day with our friends and family, including our Delta Zeta and Sig Tau family. We will be forever indebted to Delta Zeta and Sigma Tau Gamma for introducing us to each other." - Emily*

### Nick Frank and Fiancée Lindsey Burkholder

*"Nick and I began dating in high school. He was a football player, and I was a cheerleader, and something between us just clicked. I never thought that I would be able to go to college and earn a degree, but Nick encouraged me to pursue my dreams. We both decided on UW - Platteville. My cousin's fiancé Joey Lapastora told Nick about the benefits of joining a fraternity and encouraged him to visit Sigma Tau Gamma. Nick felt a connection and joined his first semester. It was a place we both felt was our home away from home. I was always jealous that he got to be a part of something so special. And then I was nominated to be White Rose and got to be the sweetheart for two years in a row. The gentleman became our family; we made memories together, and it helped create an even stronger bond between Nick and me. I felt loved and supported by a group of the noblest gentlemen I had met in my life. Nick used to tease me that he would propose in a place that would bring back everlasting memories, and a place we could always call home. He proposed in front of the Sigma Tau Gamma Xi Chapter House on our graduation day in May 2017. We will marry in October 2018 with brothers as our witnesses and in our ceremony. Sigma Tau Gamma has changed our life forever and holds a place dear in our hearts." - Lindsey*

Michael Dittrich, Southeast Missouri, is the current principal of Maplewood Richmond Heights Middle School and has been in this role for the past six years.

As a Sig Tau alumnus, Michael has had great success. His middle school recently received the National Green School Award, one of only five Missouri schools ever to receive this designation.

As part of the US Naval Forces Distinguished Visitor program, Michael was recently able to land on and take off from an aircraft carrier at sea, an experience of a lifetime Michael shared with other educators.

## WHO IS MICHAEL DITTRICH?

**Q: What is your involvement with Sig Tau both as an undergraduate and an alumnus?**

**A:** I joined in fall of 1994. While active I served as VP of Membership and pledge trainer and was on the University Greek Week Steering Committee. I continue to support my local chapter attending the yearly golf tournament, and most recently I have attended meetings with a small group of alumni to investigate a housing partnership with Southeast Missouri State University.

**Q: Is there anything you learned as an undergraduate member of Sig Tau that has helped with your successes?**

**A:** What I learned is that you need to surround yourself with great people and to understand that leaders are not always at the front. I spent several years learning from a lot of great men in our house. Some of these men continue to be my friends today, friends who helped me learn that leaders sometimes must slow down and understand that leading involves learning from those who follow you. There is a lot to learn by allowing others to lead.

**Q: What was it like to receive the National Green School Award as a leader and administrator of the middle school?**

**A:** Anytime a group or organization you are a part of is recognized for the hard work it has put forward is a great feeling. Knowing that not only our students and community are benefitting from this work makes it that much more gratifying. This work has placed our school on the national stage for green practices in schools. To be the leader of this school gives me a great sense of pride; knowing that it has been the result of hard work and dedication of staff, students, and community members that I have had the honor of working with side-by-side is a rewarding feeling.

**Q: What was your favorite part of the unique opportunity on the aircraft carrier?**

**A:** Without a doubt, my favorite part of the naval experience was meeting the men and women who serve our country daily. I was able to head home after a few short days in California and at sea, but these men and women were gearing up for an extended deployment away from their families. It makes me thankful for their sacrifice and commitment to our country.

Landing on the deck of the USS Carl Vinson at sea and catching the trap line was exhilarating. Landing on the ship takes you from 105 to 0 miles per hour in a few seconds and catapulting off the deck from 0 to 128 miles per hour was one of the most intense experiences of my life. Being able to see the professionalism of the naval forces and the technology that was in place to keep us safe during this experience gave me an even greater sense of pride in our armed forces.

**Q: Do you have any advice for our Sig Tau brothers?**

**A:** My advice would always be to honor the Brotherhood and foster this into lifelong friendships. My greatest and most trusted friendships today were developed during my undergraduate time at Southeast Missouri State University.

# A BROTHERHOOD FOR LIFE

This February, we would like to commemorate the men who are celebrating membership milestones. Below are the names of noble men who have celebrated 50 years of brotherhood, and the names of the men who have celebrated 75 years of membership.

## 50 Years

Charles Brennan, Alliance  
 Richard Leofsky, Alliance  
 Douglas Stanton, Alliance  
 Anthony Zlocki, Alliance  
 Stephen Abernathy, Ball State  
 Steven Baker, Ball State  
 Albert Bianco, Ball State
