

COVID-19 Protocol

Missouri S&T

If a member becomes ill...

- Call the [Student Health Center](#) for a phone screening (573-341-4284)
- Notify WPN Staff (noblemen@sigtau.org or 317-644-1920)
- Ill-Member Isolation Plan
 - While in the facility, the member would be required to remain in his bedroom at all times aside from using a designated restroom. No other common spaces would be permitted to be used by the member.
 - Member may be asked to return to a primary residence when possible.
 - Member may be asked to temporarily relocate within the chapter house to be determined by WPN staff as a safety precaution.
 - Member would be required to utilize one designated restroom facility to reduce the spread of the virus.
 - Member would be required to enter/exit the property only at a specific point of entry.
 - Meals would be provided via a “late plate” delivery to the doorstep of the member.
 - Member must receive approval from a medical provider that he can resume regular house use.
 - Member would be removed from all of his chapter house duties.
- Chapter Member Safety Plan
 - All other members would be required to maintain social distance, as defined by CDC guidelines, and are not permitted to have physical interactions with the ill member including indirect physical interactions such as entering the isolated space or touching commonly shared surfaces.
 - Other members would be required to utilize other designated restroom facilities to reduce the spread of the virus.
 - Other members may be asked to temporarily relocate within the chapter house by WPN staff as a safety precaution.
 - Foodservice would be presented in “to-go” containers with no buffet service.
 - Additional cleaning and disinfecting practices would be implemented, based on CDC guidelines, for the duration of the member’s isolation.
 - Amended chapter house rules would go into effect including no guests or out-of-house members permitted at the house, no alcohol of any kind permitted and gathering size restrictions based on current CDC guidelines.
 - Chapter leaders would be encouraged to adapt chapter operations during member isolation as a safety precaution.
