

COVID-19 Protocol

Central Michigan University

If a member becomes ill...

- Call the [Student Health Services](#) for a phone screening (989-774-6599)
- Notify WPN Staff (noblemen@sigtau.org or 317-644-1920)
- Ill-Member Isolation Plan
 - While in the facility, the member would be required to remain in his bedroom at all times aside from using a designated restroom. No other common spaces would be permitted to be used by the member.
 - Member may be asked to return to a primary residence when possible.
 - Member may be asked to temporarily relocate within the chapter house to be determined by WPN staff as a safety precaution.
 - Rooms 5 or 6 would be designated as the isolation spaces in the facility.
 - Member would be required to utilize one designated restroom facility.
 - The restroom immediately outside of Room 4 would be the designated restroom facilities.
 - Member would be required to enter/exit the property only at a specific point of entry.
 - Member would be removed from all of his chapter house duties.
 - Member must receive approval from a medical provider that he can resume regular house use.
- Chapter Member Safety Plan
 - All other members would be required to maintain social distance, as defined by CDC guidelines, and are not permitted to have physical interactions with the ill member including indirect physical interactions such as entering the isolated space or touching commonly shared surfaces.
 - Other members may be asked to temporarily relocate within the chapter house by WPN staff as a safety precaution.
 - Rooms 5 or 6 would be designated as the isolation spaces in the facility.
 - Other members would be required to utilize other designated restroom facilities to reduce the spread of the virus.
 - Additional cleaning and disinfecting practices would be implemented, based on CDC guidelines, for the duration of the member's isolation.
 - Amended chapter house rules would go into effect including no guests or out-of-house members permitted at the house, no alcohol of any kind permitted, and gathering size restrictions based on current CDC guidelines.
 - Chapter leaders would be encouraged to adapt chapter operations during member isolation as a safety precaution.
