

## Accessing Sigma Tau Gamma Programs

Use these instructions to access your **Sigma Tau Gamma Fraternity** programs through your **Sigma Tau Gamma OmegaFi** account.

### Login Instructions

- Log onto your Sigma Tau Gamma OmegaFi account. We highly recommend logging in using the [Google Chrome browser](#) because there are known compatibility issues with and Safari.
- In your Portal, click the link or button to access PlaidLMS. The name of this link or button will differ from portal to portal.
- If you have never accessed PlaidLMS through the portal, you will be asked if you already have an account. You should click **No**.
- You will be logged into PlaidLMS and will see your dashboard for Sigma Tau Gamma.
- Your assigned course(s) are located at the bottom of your dashboard in your Course Catalog. When you enroll in a course, the course will move from the Course Catalog to the Your Enrollments section of the dashboard.

- Once you have enrolled in the course(s), click on the “Play” button next to the course's name in the Your Enrollments of the dashboard. The course will appear in a new window.

- g. Click the Launch Course button to start the course. The course may launch in a pop-up window. If it appears that the screen just refreshed and nothing happened, that likely means the course was blocked by a pop-up blocker. In this case, look for a notification in the navigation bar of your browser asking you to approve the pop-up.

[Contact Support](#) if you have trouble creating an account, enrolling in the courses, or completing the required courses.
