- I have no equipment to do a video, but will answer these three questions:
- What motivates me to look at this position is: I bring life's experiences to Board to help others to achieve their goals
- From owning a business, working for the Army and the organizations that I have participated or ran the events. I know, the future of the a Sigma Tau Gamma is still ahead of us, of taking boys and molding them into men. The future of these men, will propel them into their chosen profession with great clarity and remembering what Sigma Tau Gamma has done for them.
- What is Sigma Tau Gamma most important strategic priority over the next several years, is to continue to build Sigma Tau Gamma as leader of the Greek Society for the work ethic, social and prepare them to be able to sail their own ship into the future with Sigma Tau Gamma always there to mentor. We need to be there to mentor, when they are out in the world, there are always problems and we can help find solutions.
- I get tongue tied when on camera, that is why I am writing. There are those can talk a mile while on camera, I cannot.

- On note, I organized two ski trip Breckenridge, Colorado one in 1972 and the other in 1973, with five other Brothers. I made the reservations and lift tickets. I have made two Reunions, with the Brothers, one in 2013 and the other this pass September 2025. Both had a great turn out.
